

Lab 7 Instructions – HTML Forms

CIS 195, Web Authoring 1

Overview

The objective of this lab is to introduce you to using html forms to get input from users of the web site. This information is covered in Tutorial 6 in your text.

Instructions

For each web page, try to just look at the picture in the book and then make your web page look like the picture. Look at the step-by-step instructions if you run into difficulty. If you have any questions or comments be sure to post them in the Q and A Forum.

Tutorial 6

Do the tutorial exercise on pages 393 through 470 of your textbook to create the *Red Ball Pizza* web site.

Review

- Create the *Build Your Own Pizza* order form on pages 471 – 473 of your textbook.
- View your work in at least 2 different browsers. Make a mental note of the differences between the browsers.

Case Problem

Do any Tutorial 6 case problem of your choice.

Submitting your lab work

1. Use an FTP app to upload your web site to citstudent.
2. Zip the tutorial.06 folder (not zipped) along with its tutorial, review, and case subfolders.
3. Upload your tutorial.06.zip file using the *Production Version* assignment link on Moodle.
