

# Lab 7 Instructions – Multimedia

CIS 195, Web Authoring 1

## Overview

The objective of this lab is to introduce you to adding audio and video to a web page. This information is covered in Tutorial 7 in your text.

For each web page, try to just look at the picture in the book and then make your web page look like the picture. Look at the step-by-step instructions if you run into difficulty. If you have any questions or comments be sure to post them in the Q and A Forum.

## Part 1

### **Tutorial 7**

Do tutorial exercise 7.1 on pages 483 through 501 of your textbook to create the *Jumbo Popcorn* web site, and exercise 7.2 on pages 502 through 521 to create the *Royal Wedding* web site.

### **Review Assignment**

- Create the *Fred Astaire web page* on pages 537 – 539 of your textbook.
- View your work in at least 2 different browsers. Make a mental note of the differences between the browsers.

## Part 2

Do the Case Problem described in the instructions for part 2 in Lab7Part2.pdf.

## Submitting your lab work

1. Beta Version and Code Review
  - a. Zip the tutorial.07 folder along with its tutorial, review, and case subfolders.
  - b. Post the zip file in the *Lab7 Beta + Review* forum so a lab partner can review it for you.
  - c. Review one of your lab partners' web pages using the Code Review Form provided and post the review in the *Lab 7 Beta + Review* forum.
2. Production Version
  - a. Based on the review and helpful advice from your lab partner, you may revise your web page. On the code review from your lab partner, complete the "Production" column.
  - b. Upload the following to the *Lab 7 Production Version* assignment:
    - i. Your zipped tutorial.07 folder (with its subfolders)
    - ii. The code review your lab partner did (after you complete the "Production" column)
    - iii. The code review you did for your lab partner
